VHF/UHF discone antenna, dipole, 0.52 m, 200-400 MHz

Naval Antennas and Systems: Shipboard

NSN: 5985-25-143-2777

Application

AV23 is primarily designed for ground to communications. Having omnidirectional, broadband characteristics it is well suited as a base station antenna. Also available in high powered versions.

Electrical Specifications

Frequency Range	200 - 400 MHz
Characteristic Impedance	50 Ω
Maximum Power	300 W
Polarisation	Linear - vertical omnidirectional
Radiating Pattern	Azimuth: Omnidirectional
Gain	2 dBi
vswr	< 1.75

Mechanical Specifications

Design	Conductor completely enclosed in high quality epoxy/fibreglass laminate. Metal parts are brass, elzinc plated and chromated.
Finish	Polyurethane lacquer, olive drab
Temperature Range	- 55°C to + 55°C
