■ SCHEMATIC DIAGRAM

■ Note
- Pay special attention to the following upon using your CMP115.
  (1) Avoid direct sunlight or air from heaters and the like.
  (2) Make sure the plug is firmly inserted into the transceiver jack.
  (3) The microphone should be positioned 2 cm to 5 cm from the mouth.
  (4) Although this unit is drip-proof, be sure to wipe drops of water away when the unit is moistened with rain, etc.
